

NEW MUSEUM CLASSES

3, 2, 1... Blast Off! 30 minutes, grades 4-12

Can you imagine taking off in a rocket with powerful boosters?! Rockets are the cornerstone of space exploration and ensure our satellites get into space! Learn about Newton's Third Law of Motion while experimenting with various types of basic rockets.

English Language Learners Tour

50 minutes, all grades

A dual language (Spanish/English) tour of our museum galleries. Learn about great aviators, our Long Island heritage, and major events in aviation history. Inquiry based learning will be integrated throughout the program to promote student engagement.

NEW DOME FILMS

Backyard Wilderness

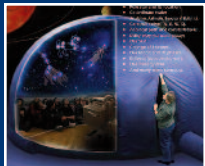

WiFi is not the only connection that matters.

Dream Big - Engineering Our World.

OUTREACH

Portable Inflatable Planetarium

Accommodating up to 30 students, once inside the dome, students will discover the majesty of the stars!

#DidYouKnow - You can bring in many of our educator led programs to your school?

Visit cradleofaviation.org/education for a complete list of museum classes and workshops!

Call 516-572-4028 to discuss a program just for you.

NEW EXHIBIT

SPACE

A JOURNEY TO OUR FUTURE™

The greatest adventure in the history of mankind is now your once-in-a-lifetime adventure with our spectacular new exhibit, SPACE: A Journey to Our Future.

This immersive exhibit takes you from the dawn of man's earliest visions of space exploration to the heroic achievements of the past, the unfolding discoveries of today, and the frontiers of the universe that lie ahead.

AN UNPRECEDENTED EXPERIENCE AWAITS YOU.

DON'T JUST VISIT. GET READY FOR LIFT-OFF!

For more details visit:
www.cradleofaviation.org/space
